

# Health Care Needs Policy

## Purpose

To ensure that Hallam Senior College provides appropriate support to students with health care needs.

## Objective

To explain to Hallam Senior College parents, carers, staff and students the processes and procedures in place to support students with health care needs at school.

## Scope

This policy applies to:

- all staff, including casual relief staff and volunteers
- all students who have been diagnosed with a health care need that may require support, monitoring or medication at school.

## Policy

This policy should be read with Hallam Senior College's *First Aid, Administration of Medication, Anaphylaxis and Asthma* policies.

## Student health support planning

In order to provide appropriate support to students at Hallam Senior College who may need medical care or assistance, a Student Health Support Plan will be prepared by the Student Support Team which may involve Doctor in Schools program practitioners and/or School Nurse, and/or Sub School personnel in consultation with the student, their parents, carers and treating medical practitioners.

Student Health Support plans help our school to assist students with:

- routine health care support needs, such as supervision or provision of medication
- personal care support needs, such as assistance with personal hygiene, continence care, eating and drinking, transfers and positioning, and use of health-related equipment
- emergency care needs, such as predictable emergency first aid associated with asthma, seizure or diabetes management.

[Note: Template health planning forms are available here:

<http://www.education.vic.gov.au/school/principals/spag/health/Pages/supportplanning.aspx>]

Students with complex medical care needs, for example, tracheostomy care, seizure management or tube feeding, must have a Student Health Support Plan which provides for appropriate staff to undertake specific training to meet the student's particular needs.

At enrolment or when a health care need is identified, parents/carers should provide accurate information about the student's condition or health care needs, ideally documented by the student's treating medical/health care practitioner on a Medical Advice Form (or relevant equivalent).

Note: Template health planning forms are available here:

<http://www.education.vic.gov.au/school/principals/spag/health/Pages/supportplanning.aspx>]

Hallam Senior College may invite parents and carers to attend a Student Support Group meeting to discuss the contents of a student's Health Support Plan and assistance that the student may need at school or during school activities.

Where necessary, Hallam Senior College may also request consent from parents and carers to consult with a student's medical practitioners, to assist in preparing the plan and ensure that appropriate school staff understand the student's needs.

## Hallam Senior College: Health Care Needs Policy

(Continued)

### Student Health Support Plans will be reviewed:

- when updated information is received from the student's medical practitioner
- when the school, student or parents and carers have concerns with the support being provided to the student
- if there are changes to the support being provided to the student, or
- on an annual basis.

### Management of confidential medical information

Confidential medical information provided to Hallam Senior College to support a student will be:

- recorded on the student's file
- shared with all relevant staff so that they are able to properly support students diagnosed with medical conditions and respond appropriately if necessary.

### Further information and resources

- School Policy and Advisory Guide:
  - Health Care Needs
  - Health Support Planning Forms
  - Complex Medical Needs
- Further information can be found in the following policies on the college website:
  - Anaphylaxis
  - Asthma
  - Administration of Medication
  - First Aid

# General Medical Advice Form

## For a Student with a Health Condition

This form is to be completed by the student's medical/health practitioner providing a description of the health condition and first aid requirements for a student with a health condition. This form will assist the school in developing a Student Health Support Plan which outlines how the school will support the student's health care needs.

Please only complete those sections in this form which are relevant to the student's health support needs.

|                                  |  |                            |  |
|----------------------------------|--|----------------------------|--|
| Name of School:                  |  |                            |  |
| Student's Name:                  |  | Date of Birth:             |  |
| MedicAlert Number (if relevant): |  | Review date for this form: |  |

### Description of the Condition

Observable signs and symptoms:

Frequency and severity:

Triggers (if applicable):

Possible impact on school-based activities (student's learning, physical activities):

(Continued)

**First Aid**

If the student becomes ill or injured at school, the school will administer first aid and call an ambulance if necessary. If you anticipate the student will require anything other than a standard first aid response, please provide details on the next page, so special arrangement can be negotiated.

**Observable sign/reaction**

**First aid response**

**Privacy Statement**

The school collects personal information so as the school can plan and support the health care needs of the student. Without the provision of this information the quality of the health support provided may be affected. The information may be disclosed to relevant school staff and appropriate medical personnel, including those engaged in providing health support as well as emergency personnel, where appropriate, or where authorised or required by another law. You are able to request access to the personal information that we hold about you/your child and to request that it be corrected. Please contact the school directly or FOI Unit on 96372670.

**Authorisation:**
